- 4.4. should accessing remote classrooms be an issue, parents should contact school promptly solutions may be available. These will be discussed on a case-by-case basis
- 4.5. all children sign an 'Acceptable Usage Policy' at school which includes e-safety rules and this applies when children are working on computers/devices at remotely home.

#### **5. SAFEGUARDING DURING A SCHOOL CLOSURE:**

- 5.1. In the event of a school closure, pupils, parents and teachers are reminded that the school's Child Protection and Safeguarding Policy still applies to all interactions between pupils and teachers. In that policy, there are specifically prohibited behaviours and reporting obligations to which teachers must adhere, whether they are at home, in the community or at school. This section of the policy will be enacted in conjunction with the school's Child Protection and Safeguarding Policy:
  - 5.1.1. the DSL will identify 'vulnerable' pupils (pupils who are deemed to be vulnerable or are at risk of harm) via risk assessment prior to the period of remote learning.
  - 5.1.2. the DSL will arrange for regular contact to be made with vulnerable pupils, prior to the period of remote learning.
  - 5.1.3. phone calls made to vulnerable pupils will be made using school phones where possible.
  - 5.1.4. the DSL will arrange for regular contact with vulnerable pupils, with additional contact, including home visits, arranged where required.
  - 5.1.5. all contact with vulnerable pupils will be logged and suitably stored.
  - 5.1.6. the DSL will keep in contact with vulnerable pupils' social workers or other care professionals during the period of remote working, as required.
  - 5.1.7. contact may occur face to face using zoom video conferencing to ensure that the child is safe and well
