## MY EXPERIENCE OF THE OUT AND ABOUT COMPETITION

BY ADAM S 8 FRANKLIN

Hello, so I explained earlier what the house competition were and now I'm going to give you my opinion on of the competitions

Like I mentioned before I have participated in many competitions, and my favourite has been the out and about competition. This was a competition that was ran a couple of months ago and to participate in the competition we simply had go out of a building and be outdoors and do something whether this be walk your dog or climb a tree and take a photo or even a video, this was a really great competition for everyone (especially me because I love photography and being outdoors 😊). It was an easy way of being outdoors and an enjoyable way of earning house points. A great thing about the competition is that it helps you boost your confidence because you can upload a picture on google classroom for everyone to see. The best part about it is that everyone can participate because unfortunately due to COVID some of us have to self isolate and that means we could not go outdoors but you could be in your garden an upload photos. We also got our fair share of points, 20 points per photo and 30 for video, for example go out 5 times a week upload a photo and you get 100 points and it is the same for a video only you get extra points.
