

Subject Narrative

Geography

	LC1	LC2	LC3	LC4	LC5
YEAR 7 KS3	<p>Fantastic Places <i>What characteristics make the world fantastic?</i></p> <p>LO1 – Fantastic Places: How is a place important in Geography? LO2 – The United Kingdom: What is the UK, Great Britain and the British Isles? LO3 – A look at Bolton: How the demographics affect a place. LO4 – Rural vs Urban: How do social, economic and environmental factors influence a place? LO5 – The world creates fantastic places: How do physical and human characteristics influence a place? LO6 – The Sinking Islands: How does privilege determine a place (using the case</p>	<p>Distinctive Landscapes <i>Will our landscapes always be distinctive?</i></p> <p>LO1- What are the characteristics of UK landscapes? LO2 – How do erosion and weathering processes shape the UK landscape? LO3 – How do physical processes interact to form distinctive landforms? LO4 – Why are UK landscapes important to people and the environment? LO5 – Why do conflicts occur between different stakeholders? LO6 – What impact is climate change having on UK landscapes? LO7 – How can the use of hard and soft engineering protect UK landscapes? LO8 – What will UK</p>	<p>Contrasting places <i>Is our world a fair place?</i></p> <p>LO1 – What does it mean for a country to be developed/developing? LO2 -In what key ways can we measure how developed a country is? LO3 - What impact do healthcare systems have on a countries development? LO4 - Causes: Why do some countries have more opportunity to develop than others? LO5 - What challenges are faced by those living in slums and is it possible to thrive there? LO6 - How do levels of development differ between Brazil and the UK? LO7 - Global trends of improvement:</p>	<p>World Cities <i>Is future planning important to urban areas?</i></p> <p>LO1 – What is an urban and rural environment? LO2 – Migration patterns are hugely influential to cities LO3 – UK cities, the industrial revolution still impacts UK cities. LO4 – The housing crisis, causes and effects. LO5 – Case study Lagos. Why is Lagos growing so rapidly? LO6 – Globalisation is improving socioeconomic factors for Lagos? LO7 – Resources are the biggest issue for cities across the globe LO8 – Sustainable cities, the use of technology means Singapore is completely future</p>	<p>The Middle East</p> <p>LO1 – What is the landscape of the Middle East like? LO2 – How is the population of the Middle East spread out and to what extent does its physical geography influence this? LO3 – Where does the Middle East fit into the global economy and why? LO4 – How has the UAE adjusted its economy and gained a reputation of wealth? LO5 – Unsustainable Dubai, how have changes to the economy in Dubai lead to a host of sustainability issues. LO6 – Why is drought common in the Middle East. LO7 –Yemen, How has</p>

	study Tuvalu)?	landscapes look like in the future?	Is the world getting better and what evidence do we have to show this?	proofed.	drought and conflict resulted in a humanitarian crisis. LO9 – Where does the Middle East fit into the global economy and why?
YEAR 8 KS3	<p>Shrinking Planet <i>Are we becoming an interdependent global community?</i></p> <p>LO1 – What is globalisation: How is our world interconnected through trade and culture? LO2 – Causes and impacts of globalisation: What is homogeneity in our society? LO3 – Consumerism and Westernised Culture: How have both these processes influenced countries on a global level? LO4 – Sweatshops: How do sweatshops enable our global economy to function? LO5 – China as a superpower: How does China have a global</p>	<p>Weather and Climate <i>Why does weather and climate vary and how does it affect us?</i></p> <p>LO1 – Weather vs Climate LO2 – How do meteorologists measure weather? LO3 – What are clouds and why does it rain? LO4 – What are air pressures, anticyclones and depressions? LO5 – How do I conduct a weather enquiry? LO6 – What is the climate of the UK? LO7 – How does extreme weather impact the UK?</p>	<p>Tectonics <i>Are plate tectonics the most important part of physical geography on this Earth?</i></p> <p>LO1 – Structure of the Earth LO2 – What occurs at various plate boundaries and what causes them to move. LO3 – Where do earthquakes and volcanoes occur and is there any exception to the pattern? LO4 – Types of volcano LO5 – What is an earthquake and how is it managed? LO6 – Managing disasters. LO7- Volcano case study (E16) LO8 – How does the development of a country impact a</p>	<p>Russia <i>Is Russia a world superpower?</i></p> <p>LO1 – What are the key characteristics of Russia? LO2 – Russia’s Climate LO3 – What energies do Russia rely on, is it reliable? LO4 – How does Russia dominate its region? LO5 – How is the Russian economy structured? LO6 – Political stability is important for economic development LO7 – Russia encroachment into Arctic territories is concerning globally.</p>	<p>Africa <i>Is Africa a poor continent?</i></p> <p>LO1 – What misconceptions do people have about Africa? LO2 – What factors have influenced Africa over time. LO3 – How is Africa shaped by its physical landscape? LO4 – How does climate influence Africa’s landscape? LO5 – What are the challenges and opportunities for cities? LO6 – Why does education vary across Africa? LO7 – Health Inequalities LO8 – China’s African Safari.</p>

	influence? LO6 – The future of global culture: How do different cultures create a global society?		countries response to a disaster?		
YEAR 9 - Minor KS3	<p>Climate Change <i>Is Climate Change Purely Anthropogenic?</i></p> <p>A focus on what exactly is climate change, alongside how it is both natural and man-made.</p> <p>A debate focused on the synoptic question as part of assessment week.</p>	<p>World of Extreme's Tectonic Hazards and Weather Hazards <i>Natural hazards are the Earth's way of maintaining it's natural equilibrium</i></p> <p>This topic expands on previous topics from KS3 with students looking into depth about how the Earth naturally regulates its internal and external factors through natural systems, but also human's influence on these too.</p> <p>A debate focused on the synoptic question as part of assessment week.</p>	<p>Globalisation <i>TNC's impact all countries positively</i></p> <p>How trade and businesses interact globally. A look into Transnational Corporations impact globally and also the UK's economic status and global position on trade.</p> <p>A debate focused on the synoptic question as part of assessment week.</p>	<p>Sustainable Cities <i>Sustainability within our cities is achievable within our lifetimes</i></p> <p>An overview of what sustainability looks like, how technology can aid and improve our ability to become more sustainable. How we are dealing with increased urbanisation, to ensure it does not impact our natural ecosystems.</p> <p>A debate focused on the synoptic question as part of assessment week.</p>	<p>Water Security <i>Water will be the next high value commodity in our future world</i></p> <p>An overview of how important water is globally, water security and insecurity, plus, a look into how it's being used industrially and agriculturally today, what impacts that may have on the future.</p> <p>A debate focused on the synoptic question as part of assessment week.</p>
YEAR 9 - Major GCSE	<p>Changing Economic World</p> <p>LO1 - What is development: How are</p>	<p>Natural Hazards</p> <p>LO1 - Distribution of Hazards LO2 - Plate Margins</p>	<p>Urban World - Rio</p> <p>LO1 - The Growth of Cities LO2 - Introducing Rio</p>	<p>Ecosystems + Tropical Rainforests</p> <p>LO1 - Global Ecosystems</p>	<p>Rivers + Fieldwork</p> <p>Rivers Structure TBC: - Stages of a river channel</p>

	<p>countries classified for development.</p> <p>LO2 - The Demographic Transition Model: Understanding how population changes link to development.</p> <p>LO3 - Factors Influencing Development: How do different factors impact the development of a country.</p> <p>LO4 - Consequences of Uneven Development: Why do LIC's and NEE's have a higher inequality in development?</p> <p>LO5 - Industrial Development: Why is this style of development important for LIC's and NEE's?</p> <p>LO6 - Aid, Fair Trade and Development: Can external support aid in development?</p> <p>LO7 - Borrowing and Debt Relief: Why are so many countries suffering from debt crisis?</p> <p>LO8 - Tourism In Tunisia: Can tourism be a sustainable development strategy?</p>	<p>LO3 - Comparing Earthquake Effects</p> <p>LO4 - Comparing Earthquake Responses</p> <p>LO5 - Living in Hazardous Zones</p> <p>LO6 - Risk Management</p>	<p>LO3 - Socioeconomic Challenges</p> <p>LO4 - Environmental Challenges</p> <p>LO5 - Rio's Favelas</p> <p>LO6 - Improving Rio's Favelas</p>	<p>LO2 - Small Scale Ecosystems</p> <p>LO3 - Ecosystem Changes</p> <p>LO4 - Tropical Rainforest Characteristics</p> <p>LO5 - Tropical Rainforest Adaptations</p> <p>LO6 - Causes of Deforestation</p> <p>LO7 - Impacts of Deforestation</p> <p>LO8 - Tropical Rainforest Management</p>	<ul style="list-style-type: none"> - Erosion, transportation and deposition - River features in upper, middle and lower courses - River management strategies - Focus on fieldwork area and day trip to a river - Data analysis and drawing conclusions from fieldwork
--	--	---	---	---	---

<p>YEAR 10 GCSE</p>	<p>Weather Hazards</p> <p>LO1 - Global Atmospheric Circulation Model: LO2 - Tropical Storm Formation: LO3 - Structure and Features of Tropical Storms: LO4 - Typhoon Haiyan - A Case Study: LO5 - Reducing the Effects of Tropical Storms: LO6 - weather Hazards in the UK: LO7: St Asaph Floods</p>	<p>Changing Economic World - Nigeria</p> <p>Exploration of Nigeria as an NEE, it's industrial structure, impacts of TNC's, international aid agreements, it's quality of life and it's management of environmental issues.</p>	<p>Climate Change + Cold Environments</p> <p>LO1 - Evidence of Climate change: LO2 - Causes of Climate Change: LO3 - Managing Climate Change: LO4 - Characteristics of Cold Environments: LO5 - Cold Environments Under Threat: LO6 - Managing Cold Environments: LO7 - Opportunities and Challenges of Development in Svalbard:</p>	<p>Glaciation</p> <p>LO1 - What is a Glacial Environment: LO2 - Glacial Processes: LO3 - Erosional Landforms: LO4 - Depositional Landforms: LO5 - Economic Opportunities in Glaciated Regions; LO6 - Conflict in Glaciated Areas: LO7 - Managing Tourism in Glaciated Regions:</p>	<p>Urban Issues (UK) + Fieldwork</p> <p>LO1 - UK Industrial Structure: LO2 - Post-Industrial Economy: LO3 - The North South Divide: LO4 - Rural change: LO5 - Ports and airports: LO6 - Sustainable Industries: LO7 - The UK's Global Place:</p> <p><u>Fieldwork:</u></p> <ul style="list-style-type: none"> - Focus on fieldwork area and day trip to Manchester - Data analysis and drawing conclusions from fieldwork
<p>YEAR 11 GCSE</p>	<p>Natural Resources Energy</p> <p>Focus on Natural Resources overview for two lessons, then energy management with an in depth look</p>	<p>Physical Geography Paper 1 Revision</p> <p>Paper 1 revision and explanation of paper in depth: <u>Section A</u></p> <ul style="list-style-type: none"> - Tectonic 	<p>Human Geography Paper 2 Revision</p> <p>Paper 2 revision and explanation of paper in depth: <u>Section A</u></p> <ul style="list-style-type: none"> - Urban Issues 	<p>Pre-Release Booklet and Fieldwork Revision</p> <p>Pre-Release booklet given by AQA Exam Board. Time to go through and plan ideas, research key points and</p>	

	into supply and demand, energy insecurity and renewable futures.	<ul style="list-style-type: none"> - Hazards - Weather Hazards - Climate Change <p><u>Section B</u></p> <ul style="list-style-type: none"> - Ecosystems - Tropical Rainforests - Cold Environments <p><u>Section C</u></p> <ul style="list-style-type: none"> - Rivers - Glaciers 	<ul style="list-style-type: none"> - and Challenges - Rio de Janeiro - Change in the UK - Urban Sustainability <p><u>Section B</u></p> <ul style="list-style-type: none"> - The Development Gap - Nigeria (NEE) - Changing UK Economy <p><u>Section C</u></p> <ul style="list-style-type: none"> - Resource Management Overview (Food, Water and Energy) - Energy Management 	revise through previous years fieldwork.	

Homeworks based on prior knowledge: Knowledge Organisers released with Topic Led Keywords

Quizzes to keep topics in working memory: Each lesson questions from the previous lesson, previous week and previous learning cycle to build on knowledge recall techniques.

Mock exams include and LC test multiple choice: Multiple Choice and Written Crib Sheet answers for full synoptic overview within assessment week.
